Instructions about creating BBO team match.

When creating BBO team match, you need some preparations.

- If this is the first round, you need to begin preparation at least 30 minutes in advance.
- You will receive e-mail from the tournament organiser about what team is your opponent.
- Contact the captain of your opponents team (via e-mail or phone or some other method.)
- Teams have to decide themselves who is going to create the team match. Usually it is the team which is the Home team.
- The team who is not creating the team match needs to inform the other team about which players are going to play. Also inform which players are partnership. The match can not be created if players information have not been given.
- In the beginning of a team match, you have to assign a Tournament Director. It is vigfus. If this is not done, then I can not assist at the table if requested.
- When the team match is over, you have to inform the match results in IMP's to the TD.
 - ✓ Private message to „vigfus“ on BBO
 - ✓ Or e-mail vip@centrum.is
 - ✓ Or Facebook Vigfús Pálsson
